Memo for DD/S from DD/R  
Subj: Division of Ceiling and Personnel between DD/R and DD/P as Result of  
Dissolution of DPD

Proposal for split (3rd draft) by DD/P not acceptable to DD/R because support positions required by OSA denied by DD/P -- DD/P wished a larger support component to go to Air Support.

Also the DD/P retained the strength for [redacted] whose transfer to the DD/R 25X1 has been orally agreed by the Executive Director and the Acting DD/P earlier. The DDP offer to "release" certain positions to the DD/R implied that the slots in question were long-term property whereas the majority went to DD/P in Jan 1959 when Development Projects Staff under DCI's office became DPD/DDP at time of RMB's transfer. Scoville said: "I quite understand that it is not the DD/P's function to preside at a ceremony that weakens his structure, but neither is it mine to take a responsibility for a critical program without the personnel to do the job." p.2 opcit
